2025-2026 AAUW YEARBOOK and DIRECTORY

Our AAUW yearbook and directory for 2025-2026 will head to the printer the first week of September. Please check your individual entries to be sure that all of your information is correct. For some members, we are missing information on what your college degree is in. If you would like to share that bit of interesting information, please let me know. Those of you who are in charge of committees will need to send your information/changes for the coming year.

Please send information to Vicki Holmstrom (agiledog5@aol.com)

by August 30. Thanks!
